PA Chiropractors:

Would You Be Interested in Seeing Changes When It Comes to Carriers Denying Properly Delegated Services (e.g., Massage Therapy)?

Today, ProviderPRO.net is formally announcing its intent to launch a joint educational initiative on the topic of delegation of services such as massage therapy. Based on weeks of research, the initiative will be designed to shed tremendous light on YOUR RIGHTS when it comes to properly delegated services and carrier denials.

It will be a JOINT initiative, which means that one or more organizations will be combining their resources to advance this cause. We intend to offer the series “at cost.”

If you would be interested in seeing a joint educational initiative on this topic, you can help.

How You Can Help:

- 1** Email a Copy of This Document to Your Colleagues.
A copy is available at www.providerpro.net > [What's New?](#) See Item dated 06-23-06.
- 2** Sign-Up For Our E-Newsletter So You Can Receive the Announcement When the Program is Available.
To sign up for our E-Newsletter, visit www.providerpro.net > [Electronic Newsletter](#).
- 3** Stop by Our Booth at the PCA Convention for More Information.
