- **Want to Raise Significant Funds for Your Group or a Cause... Without the Out-of-Pocket Costs?**
- **Want to Access Legal Research and Expert Analysis on Payment, Coding, and Compliance Issues?**
- **Want to Generate Discussion and Networking Based on our Research / Analysis?**
- **Want to Tap into the Power and Convenience of Live Web Conferencing?**

ProviderPRO.net consists of a growing network of healthcare professionals dedicated to research and education in the areas of reimbursement, coding, and compliance. Recently, ProviderPRO has developed live web conferencing capability. Already, these two components -- research and live web conferencing -- are proving to be quite a powerful combination.

As part of its brighThoughtSM project, ProviderPRO.net has dedicated itself to assisting healthcare providers, leaders, groups, and associations through these integrated resources.
